

2.1 Angletarn Pikes 5

Images from the walk to the waymarker tree.

Walking southeast from Rooking, on the lower path to Boardale Hause, pass a mixed group of broadleaves (that include some European larch and a celebrity monkey puzzle).

Proceeding, the *larch plantation* is passed, once beyond the broadleaves and the lower/upper track junction – with the trees seen from either path. The flanks of Angletarn Pike are ahead.
